BIG WOODMEN PICNIC HAS BEEN CALLED OFF

WAS TO HAVE BEEN HELD AT CLEMSON COLLEGE AUGUST 26.

S. E. WHITTEN ILL

And as He Was Promoter, it Was Cancelled—Another Reason Also Given.

Owing to the illness of Mr. S. E. Whitten of Pendleton, who has been promoting the big Woodmen of the World picnic which was to have been held at Clemson College on Thursday, August 26, the affair has been cancelled. There seems also to have been some misunderstanding or disagreement about who would be the principal speaker of the day.

Because of the picnic being called off, the excursion which was to have run over the Blue Ridge railway from Belton, has also been cancelled.

This was to have been one of the biggest Woodmen picnics ever held in this section of the state and members of various camps of Oconee, Pickens, Anderson and Abbeville counties were expected to attend.

The meeting had been postponed once before but this time it is called off for good for this summer.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

THE BURRIS MILLING COMPANY'S PRODUCT

Have Put Good Breakfast Food on Market and Sales are Increasing Daily.

The Burriss Milling company of this city is now putting out what is said to be one of the best breakfast foods ever put on the market. Although it has been on sale only a few days 500 ten pound packages have already been sold.

The food is made of whole wheat, crushed or ground and has a brown appearance. It is not bolted and all of the fine bran remains in it. It may be prepared like oat meal or made into waffles or cakes.

It is not exactly a new food but is a new product made in Anderson. Already the company has a number of regular customers, one of them being the Oregon hotel in Greenwood, their last order having called for 75 ten pound packages. For the present the food is being put up in paper sacks but later Mr. Burriss states regular boxes will be bought in which the product will be put on the market.

Mr. Burriss stated yesterday that everything was going well at the mill and that he had quantities of wheat on hand to be ground. He stated that people from all sections of Anderson county were bringing their wheat to this city to have it made into flour.

Made Grandpa Take Notice.

It is often literally true that "the weak things of the world" are about to "confound the things that are mighty." Not long ago a member of parliament was caught napping by his little granddaughter, who is the delight of her parents and the idol of grandfather. She came before him, her face wreathed in smiles, and said: "Grandpa, I saw something running across the kitchen floor this morning without any legs. What do you think it was?"

He studied for a while, but finally was obliged to give it up. "What was it?" he said.

"Water," answered the little lady triumphantly.

Down to Fundamental.

"Those warring nations are certainly burning up their resources. When everything is destroyed I suppose they will come to their senses."

"Yes; it will probably be with them as it was with the insane man Simeon Ford tells of about. An insane man was so violent that he first tore off his coat, then his vest, next his shirt, and finally his undershirt. Then, said Ford, he came to himself."—Boston Transcript.

Results Wanted.

"Who is that young man that calls on daughter?"

"A budding poet, father."

"Well, tell him to come around when he has blossomed and is able to show of the fruit of his labors."—Philadelphia Public Ledger.

MANY HUNTERS ARE SECURING LICENSES

SEVERAL HAVE ALREADY BEEN ISSUED IN THIS COUNTY

THE OPEN SEASON

For Doves Causes Many to Purchase Necessary Papers—License Gives Dates.

Several hunters of the county have purchased their licenses for shooting game and as the dove season is now open there is every probability of more taking out the necessary papers in a short time. The money thus secured goes to the schools of the county. The county game warden and the clerk of court both have charge of the selling of the license, which is cheaper to the citizen than to the non-resident.

On each license is the description, signature and other useful information to the game warden, describing the person designated upon the license.

On the back of each license appears the dates of the open hunting season in Anderson county and the State. Some of the dates, which are of interest to local nimrods, are as follows:

Deer, September 1, to January 1.
Quail (partridges), November 15 to March 15.
Dove, August 15 to March 1.
Wild Turkey, November 15 to March 15.
Woodcock, September 15 to January 15.
Willie, November 1 to March 1.
Wood or summer duck, Sept. 1 to March 1.

Hunters are limited to bag only 25 partridges per day, 25 doves per day, 12 woodcock and 2 wild turkeys. They are permitted to kill only five deer during a season.

COMMUNITY WORK WILL HAVE OTHER SUPPORT

Demonstration Agent and Supt. McCants will Assist—Night Schools Regularly.

Miss Mary Frazer of Winthrop College was in the city yesterday morning visiting the Brogan, Riverside and Toxaway Mills, the first to qualify under the Smith-Lever act which allows provisional money for community work. She left at 12:10 for Williamston.

"I am here," stated Miss Frazer, "to get the community work organized at the Brogan, Riverside and Toxaway Mills and find that everything is progressing splendidly. Mr. W. W. Long, director of the extension work at Clemson College, has agreed to let the county demonstration agent assist in the work by giving instructions along agricultural lines and by helping with the gardens."

"Supt. McCants has also consented to assist us as much as possible with the work around Anderson and will co-operate in every possible way. He will see that there is a night school at Riverside and Toxaway Mills, there already being one at Brogan which has worked very successfully, and will see that it is under regular night school management. I think that this is going to do a great good among the mill people here and all seem anxious to help me as much as possible."

Drink More Water If Kidneys Bother

Backache or Bladder Trouble.

Eat Less Meat and Take Salts for

Backache or Bladder Trouble.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull aches in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
